

NV350 URVAN

NISSAN NV350 URVAN

INNOVATION THAT WORKS

Since 1973 the Nissan Urvan has been hard at work, helping to transport people and cargo quickly, safely and efficiently around the continent. Now, with the introduction of the NV350 Urvan, that reputation for reliability & versatility is set to grow even stronger.

"The NV350 URVAN makes good business sense whichever way you look at it."

Exceptional fuel economy is provided by the more efficient petrol and diesel engines. You have a choice of either narrow body or wide body models with a more spacious interior for increased passenger comfort in the bus and a larger cargo area in the van. The powerful exterior styling and fresh design is complemented by a driver-friendly cockpit area.

Quite simply, it's innovation that works.

FLEXIBLE AND VERSATILE PROVIDING THE PERFECT SOLUTION

Whether you choose the Narrow Body Minibus, Wide Body Minibus or Panel Van with standard body and roof, there's an option to suit your needs perfectly. Because versatility is another thing the Nissan NV350 Urvan delivers on, every single time.

MINIBUS

MORE COMFORT, MORE SPACE, MORE REASONS TO ENJOY THE JOURNEY

1. Large sliding door and front doors open high and wide to make it easy for passengers to board and exit.
2. Rear air conditioning.
3. Multiple storage areas in upper box, cup-holders, upper tray, driver pocket, glove box and coolbox.
4. Spacious cockpit providing ample space for knee room and head room for both driver and passengers. Multiple storage areas in upper box, cup-holders, upper tray, driver pocket and glove box.
5. Interior lighting 2 lamps in front, rear and luggage for van and panel van with 4 lamps in front and rear for minibus.
6. Sliding windows are designed for convenience.
7. Folding aisle seats are easy to handle, allowing convenient accessibility to the rear.

DESIGNED AROUND THE DRIVER FOR MAXIMUM EFFICIENCY

Easy to read instrumentation in a carefully designed layout, extra storage areas and added comfort mean the NV350 Urvan's most important occupant, the driver, is focused and in control, whatever the traffic.

- Multi functional display provides the driver with real-time fuel efficiency information, indicating shift timing, as well as odometer and trip meter data.
- Keyless entry system standard with alarm button (on selected models).
- Lower centre tray holds two 500-ml drink bottles and features a vent from the air conditioner to help keep drinks cool.
- Auto door closure allows you to release the slide-door once it has closed halfway. (on selected models).
- It's possible to tilt the steering column and slide the seat into the ideal position to avoid driver fatigue.

EVEN MORE ROOM FOR SAFETY

The safety of both driver and passengers is of critical importance in the design of the Nissan NV350 Urvan. Features such as an Anti-lock Braking System, Brake Assist, collapsible impact zones and front airbags combine to make every journey as safe as it is comfortable.

-  Crumple Zone
-  Occupant Zone

Zone Body construction enhances cabin safety by combining impact-absorbing "crumple zones" with a high-strength "occupant zone" to protect passengers.

SRS (Supplemental Restraint System) airbags standard for the driver (on all models) and front seat passenger (on selected models) help to reduce the risk of injury resulting from impact.

Anti-lock Braking System (ABS) helps prevent skidding during emergency braking. Brake Assist (BA) enhances full braking performance in emergency situations (on selected models).

The driver and front seat passenger seats are equipped with seatbelts featuring pretensioners and load limiters. In minibus models, each rear passenger seat features 2-point seatbelts.

ALL THE SPACE YOU NEED

"4 rope hooks are mounted on each side in all Nissan NV350 Urvan models to keep your goods secured."

AN ENGINE AS POWERFUL AS IT IS FUEL EFFICIENT

YD25DDTi

2.5-litre DOHC Direct Injection 16 Valve

Max. Power:

95kW (129hp) 3200rpm

Max. Torque:

356Nm (36.3kg-m) 1400 - 2000rpm

The YD25DDTi turbo diesel engine with intercooler not only offers class-leading torque output for superior acceleration, it's also impressively fuel efficient and exceptionally environmentally friendly, with reduced CO₂ emissions and low noise and vibration.

"Versatile and responsive, this 5-speed transmission hosts an impressive array of advanced computerised technologies that maximise efficiency while ensuring a smooth, dynamic ride at all times."

NISSAN
GREEN PROGRAM

NISSAN'S COMMITMENT TO THE ENVIRONMENT

NISSAN'S environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the NISSAN GREEN PROGRAM aims to reduce the environmental impact of NISSAN vehicles at every stage of the vehicles life cycle, while corporate activities address environmental challenges.

NISSAN'S commitment to quality

To provide all customers with a consistently high level of quality, NISSAN applies the standard worldwide, to ensure that all NISSAN owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements: 1. The expectation of a smooth driving experience with complete peace of mind. 2. The intangible appeal of a vehicle, its power to captivate and excite, with features that capture attention and imagination. 3. The level of attentiveness and service during the sales process, and long after the sale is concluded.
